R5

INDUSTRIAL LOGISTICS

Zallys R5 is an electric trolley with a loading capacity up to 750 kg (1.653 lb) on flat ground. It is equipped with a 4-sided load box, having dimensions 1800x800x600h mm: two sides are removable and openable.

R5 is also equipped by standard with an hydraulic tilting system, activated directly from controls on the tiller head. Discharge can be done either to the left or to the right side.

Customized load cages are available on demand.
