

... the passion for moving

Z169.750

M11

INDUSTRIAL LOGISTICS

Zallys M11 is a powerful electric cart mover, designed for towing wheeled loads up to 15 tons (15.000 kg / 33.069 lb) on flat grounds.

Its compact size allows modern stage production process methods to be used, while creating a safer working environment and preventing injuries related to material handling activities.

A wide range of accessories and hitches are available, to grant the maximum versatility in any application.
