M16

INDUSTRIAL LOGISTICS

Zallys M16 electric tug equipped with an electric controlled hydraulic lifting system, is the ideal solution to handle 2 wheel carts that need to be lifted for towing and pushing operations.

It has a lifting capacity up to 1.800 kg and can tow up to 6.000 kg on flat ground only: it can't be used on slopes.

M16 can be equipped with removable battery packs with PE casing: 45Ah AGM or 40Ah Lithium, projected to ensure a full work shift operation.
