DDM

INDUSTRIAL VEHICLE

Zallys DDM is a 3 wheel stand-on electric personnel carrier with a loading capacity of 50 kg (110 lb) plus the operator, and a tow capacity up to 500 kg (1.102 lb) on flat grounds, which let it tow a train of trolley or wheeled loads.

Eco-friendly, silent running and easy to use, its compact dimensions make it ideal to be used inside industrial elevators.

DDM is equipped with 80A lead acid batteries that guarantees a full work shift running time.
