DUMPER JET L

CONSTRUCTIONS

Zallys DUMPER JET L is a professional electric wheelbarrow designed to work with loads up to 500 kg (1.100 lb).

Is the longer version of Dumper Jet, with the same semi-automatic tilting helped by an electronic system, which controls the speed through a knob accelerator.

This makes the discharge safe and practical even indoor, where DUMPER JET L is the ideal solution thanks to its respect of the anti-pollution normative about noise and exhaust fumes emission.

PERFORMANCES

5 KM/H
(3,6 MPH)

500 KG
(1.102 LB)
