HS

MATERIAL HANDLING

Zallys HS is a 3-wheel motorised trolley, suitable to move loads up to 500 kg (1.102 lb), very handy and ideal to be used in productive plants, warehouse storage or any other material movement operation.

It can be equipped with a wide range of interchangeable skips and crates: the assisted tilting system avoids hard work and increases the efficiency of the user.

An extra red lever ensure safety, enabling the machine only when pressed by the assigned personnel.
