HS4 L

MATERIAL HANDLING

Zallys HS4 L is a 4-wheel electric transporter able to handle loads up to 600 kg (1.323 lb), or up to 1.000 kg (2.204 lb) if equipped with heavy duty axles (optional).

The longer alternative to HS4, its frame is specifically designed to being used with special platform or equipments provided by the customer, making it the perfect base for customized solutions.

Accessory like traction wheels, turf tyres and snow chains are available.
