JAY 600

VINEYARDS & BREEDING

Zallys JAY 600 is an electric man on board vehicle designed for speeding up the pruning and the picking operations in farming activities. Mainly used for the green pruning and vintage on low "Gujot" vineyards, JAY 600 is very efficient even on slopes and rough terrains.

It can load up to 150 kg (331 lb), easing all farming operations in a total ecofriendly way.

The seat is equipped as standard with a turning and reclining system, for the maximum comfort.
